TECHNICAL SKILLS

HTML5, CSS3, JavaScript, jQuery, React, AngularJS, Ajax, Bootstrap, MySQL, Python, Django, Java, Git, AWS, Excel, Responsive Design, Browser Developer Tools, Command Line

PROFILE

I'm a technophile! I recently graduated from the ITC Coding Bootcamp and just finished an internship in a creative agency as a web developer. My super powers are my organisational skills paired with my ability to work under pressure. I'm a fast learner, a team player and a self-motivated goal getter looking for a job that will put my skills as a front end developer to work.

EXPERIENCE

FULL STACK DEVELOPER INTERN BUZZHUNTER, TEL AVIV | 2017

- Created a coffee cup 3D web application using WebGL Javascript API to be part of an e-commerce personalised platform
- Created a dynamic web page case study using HTML/CSS & jQuery to be used on the official website of the company's portfolio
- Worked closely with the graphic designers team in order to understand the concepts and turn them into fully functional websites

PREVIOUS EXPERIENCES

- Business Consultant (Travel Industry). TLV | 2016-2017
- Ad Operations & Business Development Manager, TLV | 2015-2016
